

EMPLOYEE BENEFITS EDUCATION & ENROLLMENT

PES Enrollments partners with employers and brokers to provide employee benefit education and enrollment services. PES ensures employees elect the best benefits to protect themselves and their families.

WHAT WE DO?

- One-on-One Enrollment: PES expert enrollers educate and empower employees to maximize their benefits by combining the strength of one-on-one meetings with a full suite of both medical and voluntary worksite offerings.
- Telephonic Enrollment: PES offers an in-house call center with licensed enrollers for employees to enroll during annual open enrollment and new hire.
- Self-Service Platform: PES also provides self-enroll technology utilizing many user-friendly and robust platforms.
- Enrollment Administration: PES does all the hard work: planning, implementation, custom-built platforms, new hire onboarding and more...
- Customized HR Materials: The PES team crafts customized HR communications such as branded benefit booklets, open and post-enrollment flyers, pre-enrollment landing pages and enrollment surveys.
- Additional Services: PES also has extensive experience dealing with WOTC processing, dependent verification, ACA compliance, and deduction and billing reconciliation.

PES SERVICES

BENEFITS EDUCATION

PES benefit counselors help employees maximize their benefit elections by combining the strength of both medical and voluntary offerings (in person or call center).

ENROLLMENT ADMINISTRATION

PES has the technology and support to implement enrollment across multiple locations nationwide. PES custom-builds the benefits platform and help achieve a multi-year enrollment strategy.

CUSTOM HR COMMUNICATIONS

The PES Marketing department creates customized HR communication packages such as branded benefit guides, open and post-enrollment flyers, pre-enrollment landing pages and enrollment surveys.

ADDITIONAL SERVICES

PES also offers WOTC processing, dependent verification, ACA compliance, deduction and billing reconciliation and more.
